

ISTE NITC STUDENTS' CHAPTER

ATREYA'19

17TH ANNUAL STATE CONVENTION

ANALOG IQ

In a world driven by electronics, the real challenge isn't making machines think, as much as it is to make ourselves think. So, wire up and connect all ideas, as you prepare to put your skills to the test. Quicken the pulse, amplify your thoughts, and buckle up to bring out the analogue signal connoisseur in you. Brace yourselves for three levels of quizzes, tests, and brain wracking simulations as you battle it out with best. After all, we may just be analogues living in a digital world but we've all got a chance to find an ADC.

Team Specification

1. Each team can have a minimum of two members and a maximum of three members.
2. Team members should produce valid ID card of their institute.
3. Cross college teams are permitted.

Event Layout

1. The event will be conducted in 3 rounds
2. The first round will be written test on circuits and network analysis.
3. At most 8 teams will be selected to the second round.
4. The second round will be a quiz round.
5. And the final round will be circuit designing and simulating it.
6. Each team selected in final round will be given freedom to select a circuit for simulation based on their present cumulative score.
7. The team that finishes with the max cumulative score (sum of scores of all the three rounds) will be declared the winner.

Rules and Regulations

1. All the rounds are strictly time bound.
2. Each team consists minimum of 2 members.
3. Inter-college teams are allowed
4. Spot registrations are permitted.
5. Use of mobile phones and any other electronic devices is not permitted unless mentioned by the event managers at the time of event.
